

decotric MC Instant Wallpaper Adhesive - Special decotric MC Spezialkleister Instant

High-quality, fast-dissolving methylcellulose adhesive

Instructions for use: *decotric MC Instant Wallpaper Adhesive - Special* is suited for woodchip wallpapers, light and heavy weight paper wallpapers, embossed wallpapers, textile wallpapers, vinyl wallpapers and similar wall coverings.

Technical specifications:

Components:	methyl cellulose, polyvinyl acetate powder
Density:	0.45 g/cm ³
pH-value:	approx. 8
Solubility:	ready to use in approx. 3 minutes
Usage:	approx. 150-200 ml/m ²

Surface preparation: The surface must be dry, firm and free of dust and grease. Remove old, peeling wallpapers and distemper paints using *decotric Wallpaper Remover*. Make good cracks and holes using *decofill Interior* or *decomur Super Bonding Filler*. Prime highly absorbent, sanding and chalking surfaces with *decotric Deeply Penetrating Primer – Solvent Free*.

Water-soluble contaminations in the surface, which could show through when wallpapered over, should be isolated using *decotric Insulating Spray*.

To make a subsequent change of wallpaper easier, we recommend priming the surface with *decotric Wallpaper Base Primer 'Tapeten-Wechselgrund'*, especially when hanging washable wallpapers.

Application: Stirring vigorously, sprinkle *decotric MC Instant Wallpaper Adhesive - Special* into clean, cold water (see table) and continue to stir for a few minutes. Leave for approx. 3 minutes and then stir vigorously again.

Apply the adhesive to the wallpaper using a wallpapering machine or brush. Fold the pasted ends inwards and hang after an adequate soaking time. Hang the wallpaper according to the manufacturer's instructions.

We recommend to add 750 g *decotric Wallpaper and Border Adhesive* per 200 g packet *decotric MC Instant Wallpaper Adhesive - Special* for use on hardly absorbent surfaces and to increase the moisture resistance.

Do not use if the object and/or room temperature are below + 5° Celsius!
Remove adhesive residues using a damp cloth.
Clean tools in water after use.

Mixing ratio:

for	Mixing ratio	Quantity of water per 200 g packet	Coverage of one packet
Pre-pasting	1:40	8 l	50-70 m ²
Woodchip wallpapers Heavy wallpapers	1:25	5 l	25-30 m ²
Special applications of wall covering	1:20	4 l	20-25 m ²

Storage: Store in a cool and dry place!

Available size: 200 g collapsible box 020202001
