

# decotric Algae and Mould STOP

## decotric Algen- und Schimmel-STOP

Free of active chlorine, therefore odourless – for use indoors

<b>Instructions for use:</b>	Removes mould, algae and moss in interior areas – for example in sanitary installations. Cleans house walls, floors, roofs, garages, wood, tiles, clay tiles, stone, and concrete, etc. Can also be used as a cleaning surface pre-treatment for subsequent coats and facade impregnations.								
<b>Technical specifications:</b>	<table border="0"> <tr> <td>Components:</td> <td>Didecyl dimethyl ammonium chloride</td> </tr> <tr> <td>Density:</td> <td>1.00 g/cm<sup>3</sup></td> </tr> <tr> <td>pH-value:</td> <td>7 - 8</td> </tr> <tr> <td>Usage:</td> <td>100-200 ml/m<sup>2</sup></td> </tr> </table>	Components:	Didecyl dimethyl ammonium chloride	Density:	1.00 g/cm <sup>3</sup>	pH-value:	7 - 8	Usage:	100-200 ml/m <sup>2</sup>
Components:	Didecyl dimethyl ammonium chloride								
Density:	1.00 g/cm <sup>3</sup>								
pH-value:	7 - 8								
Usage:	100-200 ml/m <sup>2</sup>								
<b>Application:</b>	Directly spray <i>decotric Algae and Mould STOP</i> onto the affected area from a distance of approx. 15-20 cm and leave to act. This occurs within 1-3 days. In case of severe contaminations, if no optical change appears in the treated surface, apply a further coat of <i>decotric Algae and Mould STOP</i> . Wash off any residues using clean water.								
<b>Important information:</b>	Please see the EU Safety Data Sheet for all safety-related data (EU-CLP).								
<b>Storage:</b>	Store in a cool but frost-free place! Keep the containers tightly sealed!								
<b>Available sizes:</b>	500 ml PE spray bottle    007002001
